Abstract: Your abstract.

Keywords: xxxxx

2000 Mathematics Subject Classification: xxxxxxxx

1 The First Section

The followings are various environment templates you might need

Definition 1.1. *fff*

We see from [2] that xxxxx

Theorem 1.2. *abc*

$$x + y \leq 2 \tag{1}$$

Proof. xxx

□

Corollary 1.3. *cdefg*

Proposition 1.4. *[1] cdefg*

Lemma 1.5. *cdf*

* *The author is supported by xxx*

† *Corresponding author*

2 The Second Section

Proposition 2.1. *dfg*

Moreover, [4] suggests that xxxx

Corollary 2.2. *aaaa*

Remark 2.3. *eee*

3 The Third Section

Example 3.1. From [3], xxx
